

# First Friday

Dec. 4

Join **Common Era** for First Friday. Will be offering our first ever “**Open Studio**”. Make that card case or accessory that you have envisioned yourself in or make a suggestion because we at Common Era believe you can make anything you can imagine. **Personal Stylist, Tina Gill** of **Worthwhile Style**, will be offering her expert advice to help you look and feel fabulous! We will also have a **professional makeup artist, Sameera Ahmed**, offering makeup tips and touch ups.

Come into **Common Era** for some delicious **cheese** spreads with a variety of toppings, fresh **fruits** and of course '**sweets**'. The best part will be when you choose that **special** something and bring it up to the counter to **purchase**. Dip your hand in our bowl of **discounts**. You'll receive **10% to 30% off**. This is the very best night to **shop** for yourself and your **friends**. It's our way of saying **thanks**.
